The Mistress Didi, Classic Fetish™ Therapist*, is on a mission to improve the state of The Fetish Scene so that We can all have *Better Fetish*. *The Mistress Didi** was very fortunate to have lived The Lifestyle when the public Scene represented talent, skill, respect, sophistication, and class – qualities which seem to be sorely lacking on the whole these days. Too many people are “miseducated” by the money-grubbing media to believe that The Scene is negative and operates on the most banal levels, whereas *The Mistress Didi*s* truth, and that of other Lifestylers, is The Scene is powerfully loving and giving.

Very much the charitable giver on many levels, *The Mistress Didi** has created *How To Properly Present yourself To A Mistress* to continue to offer valuable resources to The Fetish Community while raising funds for [Her charities!](#)

How To Properly Present yourself To A Mistress is an effort to improve opportunities for submissives to meet Dominants and make a good impression. It is also an excellent resource for Dominants to assist prospective submissives and those We meet on the roads in Our Fetish Journeys.

*The Mistress Didi** loves creating win-win situations so she is offering a “**FreeView**” where you can sample some of the wonderful techniques She offers in the *Full Version of How To Properly Present yourself To A Mistress*, **which is only \$7** – a fee low enough to allow *The Mistress Didi** to:

1. Offer more people Her valuable knowledge in difficult financial times;
2. Offer those who are truly submissive and/or just beginning to explore their submissive expressions an invaluable resource;
3. Offer Dominants a quick and easy resource to contribute to the restoration of the Beauty of The Fetish Community;
4. Give The Fetish Community a powerful resource to improve conditions resulting from the negativity that plagues Us from the mainstream media and other exploiters; and
5. Raise more funds for Her charities.
